IRRIGATION METER INFORMATION

All homeowners/plumbers interested in the installation of an Irrigation Meter should follow the following procedure:

1. The homeowner needs to hire a plumber.
2. The plumber shall obtain a permit from the Building Department at the Town Hall. A copy of which is to be give to the Department of Public Works

The cost will be **\$28.00 for Residential** and **\$50.00 for Commercial**
3. Only Badger or Trident/Neptune Meters will be accepted by the Department of Public Works.
4. Meters shall read in cubic feet only.
5. Meters shall have an outside reader.
6. Meters shall be brought to the Department of Public Works, 75 West Street, Natick, where they will be calibrated.
7. A fee of \$25.00 shall be paid to the Town of Natick, Department of Public Works to cover the cost of calibration, water shut-off and turn on.
8. It should be noted that the plumber is expected to have all the additional parts necessary to install the meter. (ie: valves, nipples, etc.)
9. It will be the responsibility of the plumber to arrange with the customer and the Department of Public Works for an agreeable time for the installation of the meter.
10. Additional questions can be answered either over the telephone or at the office.
